

You will be aware that I have been busy recently helping to get our new MP Steffan Aquarone elected for North Norfolk and a new councillor in the North Walsham East Ward Kate Leith elected in a by election.

I am joining a seminar on the digital switch over presented by RSN /BT on Wednesday 10th July , hopefully the presentation will answer most of the questions that residents will have , but nevertheless forward questions from the parish council for my attention.

Sennowe , Field Manoeuvres have presented there revised plan for minimising noise pollution at this years event , it should help to minimise the nuisance for Stibbard, however we shall wait and see.

Regards,

Cllr Mike Hankins
