

## **Playground Committee Report 2023-24**

The playground continues to be used and appreciated by local and visiting families on a daily basis. The equipment is now seven years old and beginning to look a bit tired and things are needing to be fixed, as flagged up in last year's ROSPA report. The goals require a good clean down and the nets need to be secured at the top. The parish Council spent £890.00 on repairs last year, so I am hoping this year it will be problem free.

There have been a couple of incidents with dogs in the lower playground, so a sign has been purchased as a reminder to keep the lower playground dog free. The gate into that playground needs a spring on the gate, so it remains closed at all times.

I have advertised for members of the play ground committee on several occasions, but sadly, no one has come forward. The playground requires weekly written safety checks to prevent the Insurance company refusing a payout in the case of a claim.

Many thanks

Nea Horsford
